The screenshot displays the Pantasign application interface. The main form is titled "Choose Applicant Type" and has two buttons: "Individual" (highlighted in teal) and "Organization" (highlighted in red). Below these is the "Organization Options" section, which includes three radio buttons: "Apply DSC For Authorised Signatory" (selected), "Apply Only Ekyc Account For Authorised Signatory", and "Apply Ekyc For Employee". A link "Click Here For Required Documents" is also present. The "Choose Certificate Type" section follows, with three dropdown menus: "Certificate Class \*" (set to "CLASS3"), "Certificate Type \*" (set to "SIGNING"), and "Validity \*" (set to "2 Year"). A teal "NEXT" button with a right arrow is at the bottom of this section. To the right, a sidebar titled "Value Added Services" contains checkboxes for "Need Crypto token?", "Need Assistance service?", and "Payment Summary". Below this is a "Payment Summary" table with rows for "DSC Amount", "Token Price", "Taxable Amount", "GST", "Round Off", and "Total Amount". The table is currently empty, and a black rectangular box obscures the right side of the page.
